RECare

Your cooperative has always extended a helping hand to those needing it. In response to action by the Iowa General Assembly, your cooperative has established RECare, a program of members helping members.

RECare will provide funds to be distributed by local community action agencies to help pay winter heating bills and to assist in weatherization of home of low-income consumers.

You may make a one-time contribution or a monthly pledge that will be automatically added onto your monthly electric bill. Even a dollar a month pledge will help others. The money stays in our service area, with every dollar contributed to this fund being earmarked to help low-income members with their winter heating bills and to assist with home weatherization costs.

Thank you for your contribution.
